

JULY 22
2019

4th Annual SysMod Meeting @ ISMB

COMPUTATIONAL MODELING OF
BIOLOGICAL SYSTEMS

1-day meeting at the ISMB conference to bridge systems biology and bioinformatics to build comprehensive models of cells, tissue, and organisms from high-dimensional data.

ORGANIZERS

Matteo Barberis • University of Surrey
Marc Birtwistle • Clemson University
Claudine Chaouiya • Gulbenkian Science Institute
Andreas Dräger • Center for Bioinformatics Tübingen
Jan Hasenauer • Helmholtz Zentrum München
Tomas Helikar • University of Nebraska–Lincoln
Jonathan Karr • Mount Sinai School of Medicine
María Rodríguez Martínez • IBM
Julio Saez-Rodriguez • University of Heidelberg
Juilee Thakar • University of Rochester

KEYNOTES

Edda Klipp • Humboldt-Universität zu Berlin
Douglas Lauffenburger • Massachusetts Inst of Technology
Jörg Stelling • ETH Zürich
